

Gaza and the Hypocrites

The calamity of Gaza has unveiled the reality of many regimes currently ruling the Muslim lands. It has exposed the truth about these false regimes, their disdain for the Muslim Ummah and their arrogance in promoting their own ideology. Unfortunately many Muslims today love to ignore the truth and tend to find weak and unfounded excuses to cover up for these hypocritical and corrupted regimes.

Allah (subhanhu wa tala) made it a rule, an unchanged way by stating unequivocally in the glorious Quran: " O ye who believe! take not into your intimacy those outside your ranks: They will not fail to corrupt you. They only desire your ruin: Rank hatred has already appeared from their mouths: what their hearts conceal is far worse. we have made plain to you the Signs, if ye have wisdom." (al Imran 118).

These so called regimes are nothing but worms that infect and work their way into the body of our Ummah, working directly to decay it from its foundation. They parade their arsenal, boasting with pride about their missiles, weapons and military power. This is only a selfish measure to protect their dictatorial positions and so called governments. In reality these manipulative regimes have no intention to use their arsenal in defence of the Muslim Ummah.

Let us, for instance, examine the true worth of the Iranian/ Hezbollah leadership and their Shi'ah methodology of supporting the Muslim Ummah.

During the course of the last few years and with the current tragedy befalling the Muslims of Gaza, the real agenda of the Iranian regime and its spoiled child Hezbollah, has been exposed as hypocritical and selfish. All the rhetoric, over exaggerated speeches, massive protests and anti Israel gatherings are no more than 'staged demonstrations' aimed at deceiving the people. These speeches and diversions are designed to fool our gullible Ummah during a critical time when our fellow Muslims are being slaughtered.

In reality Iran and Hezbollah are fooling the people into thinking that they are a 'resistance front against Israel' but indirectly they aim to promote their ideology of Shi'ah Islam. So many Sunni Muslims have fallen victim by believing in the cause of Hezbollah, even likening its leader Hassan Nasser to Salah El-Din Al-Ayooby and Qutuz!

If this was the case and Hassan Nasser were a true warrior of Islam, then how can he stand by and watch his fellow Muslim brothers and sisters be slaughtered in Gaza at the hands of the evil Zionist army.

Hassan Nasser is right when he criticizes the tyrant of Egypt, Mubarak for not opening the border with Gaza, but what about the southern border of Lebanon before the United Nations Security Council Resolution 1701¹, it was under the control of Hezbollah ,they did not open it to the Sunni mujahdeen! , Both leaders are hypocrites and both leaders will share the burden of having Muslim blood on their hands.

¹ - United Nations Security Council Resolution 1701 is a resolution that was intended to resolve the 2006 Israel-Lebanon conflict. It was unanimously approved by the United Nations Security Council on 11 August 2006. The Lebanese cabinet, which includes two members of Hezbollah, unanimously approved the resolution on 12 August 2006. On the same day, Hezbollah leader Hassan Nasrallah said that his militia would honor the call for a ceasefire. He also said that once the Israeli offensive stops, Hezbollah's rocket attacks on Israel would stop. On 13 August the Israeli Cabinet voted 24-0 in favor of the resolution, with one abstention. The ceasefire began on Monday, 14 August 2006 at 8 AM local time, after increased attacks by both sides

The truth is that along with all the corrupt regimes ruling the Muslim lands, Hezbollah is as guilty if not dangerously hypocritical of their intentions. It is obvious that the Lebanon war of 2006, for example, was only to gain more power, domination and popularity in Lebanon for the Shi'ah. This is what the secretary of Hizbollah declared when he said, "the war in 2006 was only for Lebanon".

My dear fellow Muslims, time has proven and will continue to prove that the Shi'ah regimes are only interested in their own agenda. The truth is that they are not ready to fire a missile or a bullet to support the Muslim Ummah at large or to support the Palestinian cause. On the contrary, we see many horrific examples of Sunni Muslims being slaughtered in Iraq and Afghanistan at the hands of the Shi'ah.

It is also unfortunate that the so called 'Sunni' Arab rulers along with the submissive but complicit sheikhs have opened the doors to the Shi'ah media and da'ees enabling them to flex their muscle, infiltrating the Palestinian cause in order to use it and manipulate it for their own agenda and in turn fool the gullible Sunnis.

What is happening in Gaza at the moment proves without a shadow of doubt, that the liberation of Al-Aqsa masjid will never take place except by the hands which hold firm upon the book of Allah and the Sunnah of his prophet peace and blessing be upon him. As long as we are at the enmity of the Zionist Jews, we have to be weary about the animosity which exists towards Ahlu-Sunnah within those people who claim to be Muslims.

The sad and heartbreaking situation of the Palestinians has unveiled different types of many enemies some are traitors like the Arab rulers, others are always happy to exploit human and Muslim suffering to advance their evil cause, and there are an abundance of hypocrites who conceal in their hearts the opposite of what their media shows and their leaders say.

The jihad of Ahlu-Sunnah is a jihad of obedience to Allah alone. Jihad for the sake of the Almighty and no other! True jihad can never be for political gains or for show and most certainly it can never be a means to boast with pride and arrogance.

The fields of jihad from ancient to modern history will testify for Ahlu-Sunnah and the true cause of Allah(subahanhu wa tala).

Allah willing, Gaza will rise again and it will expose all the falsehood and evil actions propagated by the traitors and hypocrites who betrayed the blood of our Ummah and its cause.
